

# INDEX.

## A.

**Abortion**, threatened, *viburnum prunifolium* in, 385; uterine lesions after, 310; criminal, 407, 529; and sympathetic judge, 56, 138; two cases of, 221; to prevent increase of family, 291.  
**Abortive**, strange, 471.  
**Abcess**, of liver, 5; acute hepatic, 98; palmar, 169; strumous, 236; mammary, 308; of neck, 420.  
**Acids**, test for, 49; sulphuric, detection of, in vinegar, 120.  
**Aconite** and its alkaloids, 195.  
**Acetic acid**, injections of, in cancer, 361.  
**Aene**, treatment of, 19.  
**Acropressure**, notes on the progress, 336.  
**Adenitis**, scrofulous, 103.  
**Advertising**, newspaper, 316.  
**AGASSIZ'S** museum, 417.  
**Age** of nubility, 408.  
**Agriculturist**, American, and New York Evening Post, 118.  
**Air-passages**, foreign bodies in, 292.  
**Alcohol**, effects on public health, 525.  
**Alcoholic**, dressings for wounds, 53; effects on human system, 319.  
**Amalgam** tooth filling, poisoning from, 528.  
**American Medical Association**, (see Medical Societies.)  
**American race**, degeneration of, 77.  
**Ammonia**, bromide of, in epilepsy and other nervous diseases, 73.  
**Amputation**, at of knee-joint, 50; of shoulder-joint, 358, 420.  
**Anesthesia**; strychnia in, 11, 14, 215, 436; local, 215, 436; in dentistry, 112; inquiry into origin of, 465.  
**Anesthetic** and medicinal use of chloroform, 343.  
**Anesthetics**; action of, 240; and chloroform, medicinal use of, 343; modern origin of, 468.  
**Anal fistula**, 169; 237.  
**Anatomy** act, passage of, in Pennsylvania, 243.  
**Aneurism**; popliteal,—double femoral artery, 97; of aorta, 109; rupture of, 310.  
**Anchylosis**; bony of knee-joint, 307, 421.  
**Anilin**, 517.  
**Animals**, new classification of, 530.  
**Antidote**, for poisons, 134; coffeas, in poisoning by morphine sulphas, 293.  
**Antiseptic** for local use, a new form of, 505.  
**Anus**; artificial, 87; imperforate, 171; fistula of, in infant, 385.  
**Aorta**, aneurism of, 109.  
**Apothecaries** and physicians, 319.  
**Amalgam** tooth-filling, poisoning from, 528.  
**ARMOR**, Prof. S. G., 19.  
**Army** and navy news, (see last page of each number.)  
**Army**; Prussian, new organization of, 450; hygiene, 522.  
**Artery**, double femoral, 97.  
**Articulating case**; bones of an animal extracted from a boy's leg, 178.  
**Asthma**; nitro-muriatic acid in treatment of, 415; and whooping-cough, cured at gas works, 419; *grendelia robusta* in, 520.  
**Astragalus**, statistics of complete excision of, 52.  
**Asylum**, inebriate, N. Y., 15.  
**Ataxia**, progressive locomotor, 127.  
**Atmosphere**, manure from, 172.  
**Atony** of over-distended uterus, post-mortem hemorrhage from, 247.  
**Axillary** dislocation of shoulder, 70.  
**Azotes**, the, 295.

## B.

**Bachelors**, mortality of, 243.  
**Bandages** of soluble glass, 217.  
**Baronet**, a new medical, 435.  
**Bath**, a new Turkish, 295.  
**Bean**, castor, in California, 453.  
**BEDFORD**, G. S., works in foreign countries, 53.  
**Requests** to public institutions, 19.  
**Bile**, secretion of, in cholera, 11.  
**Births**, quadruple, 40, 117, 390, 489.  
**Biography**, contemporaneous, 173, 175.  
**Biographical sketches** of distinguished living New York physicians—John G. Beales, 29; Horace Green, 64; William A. Hammond, 165.  
**Bisulphate** of carbon, 434.  
**Bladder**; stone in, 188; cancer of, with rectum and urethra, 327; irritability of, 332, 460.  
**Blood**; coining into drachms, 159; extravasation under pleura, 310.  
**Bloodletting** then and now, 231.  
**Bone**; disease of, 356; necrosis of maxillary; phosphor-necrosis do., 49.  
**Bones** of animal extracted from a boy's leg, 178.  
**Bony anchylosis** of knee joint, 307.  
**Books**, Notes on, 450, 521, 540.

**Books**, new medical, 263.

**BOWDEN**, M., 267.

**Rowels**, case of inertia of, 221.

**Brace**, Dr. Banning's, 452.

**Bread**, poisoned, at Winona, Ill., 45.

**Breast**, diseased; retracted nipple, a sign of, 93.

**Bricks**, organic remains in Egyptian, 79.

**Bromide** of potassium, discussion on, 488.

**Bromide** of ammonia, in epilepsy and other diseases, 73.

**BROWNLOW**, EARL, death of, 296.

**Buccal** mucous membrane, union of with gum, 130.

**Bursal** tumor of wrist, 309.

## C.

**Calomel**, its uses and abuses, 189.

**Canabis indica**, for strychnia poisoning, 93.

**Cancer**; perchloride of iron in, 19; and tubercle, relationship to, 51; of liver, 164; of rectum, bladder and urethra, 317; treated by injections of acetic acid, 361.

**Cancerous** tumors, a new way of treatment, 313.

**Capsule**, supra-renal disease of, 73.

**Carbon**, bi sulphate of, 434.

**Caries**, of tibia, 383; of spine from fall, 480.

**Castration**, 48; result of operation, 107, 183.

**Cataract**; operation for, 7; incipient, 168.

**Cell** formation, chemical theory of, 417.

**Cellulitis**, pseudo-pelvic, 241.

**Cereus-grandiflora** in affections of the heart, 193.

**Cerebro-spinal** meningitis, 150; with peritonitis in a pueral female, 275.

**Cephalotripser**, 481.

**Charcoal** of coccanut shell, 470.

**Chelioplasty**, 108.

**Chinese** physician, responsibility of, 529.

**Chloride** of iron, tinc. in erysipelas, 221.

**Cholera**, 261; secretion of bile in, 11; and other diseases, 59; and quarantine, 77; preventive of, 156; and congestive fever, 345; sanitary influences over, 411; prize of twenty thousand dollars, 470; cause of, 489; in South America, 524.

**Chlorine**, new antidotes for, 517.

**Chloroform** and ergot; in obstetric practice, 21; for shortening labor, 110; in tedious labor, 275, 290; death from, 155; anesthetic and medicinal use of, 343; internal use in colica piletum, 525.

**Chicago**, metropolitan board of health, 79.

**Cimicifuga racemosa**, action and therapeutical value of, 104.

**Cincinnati**, new commercial hospital, 289.

**Circular**, infernal, 172.

**Cleft-palate**, 69; complicated with hare-lip, 422.

**Climacteric** menorrhagia, 1.

**Clitoridectomy**, 116.

**Club-foot**, cases of, 421.

**Code** of ethics, my professional, 196.

**Cod-liver** oil, 319; physiological and therapeutical action of, 125; iodized, superiority of, 126; what is it, 139; Fougere's, 365; in dragées, 365.

**Coffee**; antidote for poisoning by morphine sulphas, 293 and senna, infusion of, 33.

**Cold-water** dressings in surgical cases, 455.

**Colica piletum**; chloroform in, 526.

**Colloidion**, local application of, 464.

**Commencements**: Bellevue Med. College, 197; University Med. Col., 198; Jeff. Med. Col., Philada., 222; Med. Dept. of University of Maryland; Missouri Med. Col.; St. Louis Med. Col.; Buffalo Med. Col., 223; College of Physicians and Surgeons, N. Y., 244; Med. Dept. of University of Pennsylvania, 247; Philadelphia Col. of Pharmacy, 270; Harvard Med. School, Boston, 269; Miami Med. College, Cin., 270.

**Compound** comminuted fracture of elbow, 415.

**Congestion** renal, an acute case, 66.

**Consultation**, what is it? 115.

**Contributions** to toxicology, 517.

**Convulsions**, epileptiform, 131.

**Convulsive** diseases, temperature of body in, 521.

**Coroner's** Laws, 13.

**Correspondence**, our, 159.

**Cranium**, disease of bones, 40.

**Crystallization** of red phosphorus, 139.

**Croup**; treated by sulphur, 144; inhalations of lime in, 248; pseudo-membranous, lime inhalations in, 354.

**Curiosity**, literary and medical, 235.

**Cyst** ovarian, 50.

## D.

**DA COSTA**, medical diagnosis, 119.

**Daily** Pocket Record, 157.

**Death**, sudden, in a dentist's office, 97.

**Deaths**, (last page of each number.)

**Deformities**, muscular, continued extension in, 225.

**Delirium** tremens; with cases, 61; nutrition in, 219.

# INDEX.

## A.

**Abortion**, threatened, *viburnum prunifolium* in, 385; uterine lesions after, 310; criminal, 407, 529; and sympathetic judge, 56, 138; two cases of, 221; to prevent increase of family, 291.  
**Abortive**, strange, 471.  
**Abcess**, of liver, 5; acute hepatic, 98; palmar, 169; strumous, 236; mammary, 308; of neck, 420.  
**Acids**, test for, 49; sulphuric, detection of, in vinegar, 120.  
**Aconite** and its alkaloids, 195.  
**Acetic acid**, injections of, in cancer, 361.

Homoeopathy, 77, 174.

Homoeopathic walls, 117.

Hospitals: Long Island College, 175; Maine for Insane, 178; St. Joseph's, 179; allowance of space in, 241; freedman's in Nashville, 296; and asylums for insane in Illinois, law regulating 318; for nervous diseases, 319; new commercial in Cin., 289; new insane in Ohio, 390; children's, 413.

HOSPITAL REPORTS:

Pennsylvania Hospital:

Lithotomy, 254; paralysis from injury to spine, 255.

Result of lithotomy: fracture of humerus, 358; necrosis of femur, 359.

Compound fracture of tibia; fracture of internal condyle of humerus, 405; convergent strabismus, 406.

Rupa in secondary syphilis; wound of head of tibia, 479; caries of spine from fall, 480.

Philadelphia Hospital:

Complete prolapsus of vagina, uterus, and part of bladder; palmar abscess; anal fistula, 169.

Jefferson Medical College:

Operation for cataract; tri-lobed ear; recovery from traumatic tetanus, 7; splenic enlargement; recurrent mammary scirrhus; castration, 48.

Thyroid dislocation of hip-joint; cleft palate, 69; result of operation for tri-lobed ear; ectropion; axillary dislocation of shoulder; ozæna, 70.

Result of operation for epithelioma performed on Sept. 224; axillary dislocation of shoulder-joint, reduced

- Nov. 28th; necrosis and elephantiasis, 88; ulcer of stump; ex-stosis of great toe; epithelioma and plastic operation; node of tibia; iritis, scleritis, and deep-seated inflammation of eyes, 89
- Strumous ophthalmia, 166; torticollis; result of castration performed Nov. 24th, 107; serofulous adenitis; cheiloplasty, 104.
- Chronic synovitis with dropsy of shoulder-joint; mammary scirrhus in ulceration, 167; incipient cataract; syphilitic iritis, 168.
- Result of castration performed Nov. 24th; orchitis; result of gunshot wound of mouth; stone in bladder, 188; operation for irreducible dislocation of shoulder, 189.
- Constitutional syphilis, 212; syphilitic iritis and ulceration; mammary scirrhus; lithotomy; lithectasy, 213.
- Strumous abscess, 236; anal fistule, 237.
- Bony anchylosis of knee; hydrocephalus, 307; mammary abscess, 308.
- Chronic dislocation of elbow, 331; tumor of eyebrow; sebaceous tumor do; nevus materni; irritability of bladder, 332; enlarged tonsils; injury to shoulder-joint, 333.
- Disease of bone; cystic tumor of lower lip, 356; epithelioma of face of long duration; remarkable morbid growth, 357; fistule of anus in infant; convergent strabismus; amputation at shoulder, 358.
- Sebaceous tumor; remarkable morbid growth; caries of tibia, 383; caries and necrosis of the foot; chronic dislocation of elbow, 384.
- Amputation at the shoulder; remarkable morbid growth; specimen of stump after Piragoff's operation; serofulous abscess of the neck, 429; encephaloid of the antrum of Highmore; club-foot case; anchylosis of knee, 421; cleft palate complicating hare-lip, 422.
- Irritability of bladder; diastasis of condyles of humerus; chronic inflammation of foot; cases of epithelioma, 460; excise of upper jaw for encephaloid, 461.
- Scirrhus of mammary gland, 500.
- Necrosis of humerus; operation for hare-lip; epithelioma of lip; paraplegia from gun-shot wound, 518; lithotomy, 519.

 Tetanus: traumatic, recovery from, 7, 537.  
 Therapeutic preparation, new, 118.  
 Therapeutics: of inhalation, 138; and diseases, infantile, 439.  
 Thermometer: in diagnosis, and prognosis, and treatment of disease, 375.  
 Tibia, node of, 89; caries of, 383; wound of head, 479.  
 Tin foil adulteration, 471, 523.  
 Tobacco, as a new remedy in otalgia, 104.  
 Toe nail: ingrowing, 35; great toe, exostosis on, 89.  
 Tonsils, enlarged, 333.  
 Tooth-filling: mercurial poisoning from amalgam for, 528.  
 Torticollis, 107.  
 Toxicology: contributions to, 349, 449, 517, 539.  
 Trachea, and larynx ulceration of, 310.  
 Tremens, delirium, 219.  
 Trichiniasis, cure of, 91.  
 Tropical climates: hepatic disease in, 473; hygiene of, 515.  
 TROUSSEAU, Prop., recovery of, 60.  
 Tubercular, meningitis, 206.  
 Tuberculosis, pulmonary: hereditary transmission, 297.  
 Tumor, of liver, 6; ovarian, 50; of lower jaw, 90; of upper maxilla, 91; polycystic of great size, 148; local anaesthesia, removal of, in, 214; recurrent enulo-fibrous, 308; bursal of wrist-joint, 309; new way of treating cancerous, 313; sebaceous, of eyebrow, 332; cystic, of lower lip, 356; sebaceous, 383; electrolytic treatment of, 509.  
 Turpentine as a remedial agent, 458.  
 Twin pregnancies, suspended developments, 367.  
 Twins weighing 17 pounds, 247.  
 Type of an officer, 527.

## U.

Ulcers, indolent, 313.  
 Unger, Prof., bricks of the Pyramids, 79.  
 Urebra: stricture of, 256;—bladder and rectum, cancer of, 327.  
 Urinals, public, 117.  
 Urine, a new re-agent for, in glucose, 422.  
 Utero-gestation, protracted case, 153.  
 Uterine: lesions after abortion, 310; foetation extra, 395; hemorrhage, ergot in, 413; hemorrhage, rhigolene spray in, 543.  
 Uterus: retroversion of gravid by fluid pressure, 150; prolapsus of vagina, and part of bladder, and, 169.  
 Uvula, amputation of, 130.

## V.

Vaccination: syphilis propagated by, 352; compulsory, 343.  
 Vagina, artificial, 360.  
 Vapors, mercurial, 541.  
 Varnish, india rubber, 59.  
 Ventril on, importance of, 119.  
 Ventral, woman placed on knees, 513.  
 Vessel, decolor, 36.  
 Veterinary practitioners, and University of London, 491.  
 Viburnum prunifolium in threatened abortion, 385.  
 Vinegar, detection of sulphuric acid in, 120.  
 Vision, defective and impaired, 302, 498.  
 Vivisection, 17, 79, 296.  
 Volatile principal, extraction of, 454.

## W.

Walls, homeopathic, 117.  
 Wales, Princess of, 529.  
 Washington, Summer Med. School in, 195.  
 Water, cold, dressing in surgical cases, 455.  
 Weaning, 449.  
 White paste, 500.  
 Whooping-cough and asthma cured at gas office, 419.  
 "Why not?" a book for every woman, 60, 390.  
 Wines, liquors and segars, 174.  
 Winona, Ill., poisoned bread at, 45.  
 Winter in Russia, severe, 378.  
 Woman, doctors: 189; status of, 256, 317, 319, 335, 340, 391, 510; in England, 454; in Indiana, 472; in New York, 500.  
 Women, surgical diseases of, 342.  
 Wood, pine, 120.  
 Worcester, dispensary at, 466.  
 Works, new, 314.  
 Work, a valuable one lost, 116.  
 Wound, run-shot: of spinal cord—ball in ascending aorta, 10; of thigh, 171; result of, 188; remarkable, and expectoration of ball after three years, 404; of head of tibia, 479; paraplegia from, 518.  
 Wounds: alcoholic dressing for, 53; of cavities, 71; of joints, 72.  
 Wrist-joint: excision of, 41; bursal tumor at, 309.  
 Wounded, international convention of societies for succoring, 526.

INDEX OF CONTRIBUTORS.

- Adolphus, Jos.:**  
Spotted fever, 18; glycerine, 26; typhus fever with cerebro-spinal symptoms and pneumonia, 229; infantile diseases and therapeutics, 350, 371, 439; arsenicum, 493.
- Agnew, D. Hayes.:**  
(See Pennsylvania Hospital Clinics.)
- Alexander, W. W.:**  
Ligature a substitute for blood-letting, 416.
- Allen, Lyman:**  
Some remarks on Prof. Dutcher's lecture on temperaments, 36.
- Arnold, A. B.:**  
Tubercular meningitis, 206.
- Balliet, L. B.:**  
New tropical remedy in erysipelas, 57.
- Banning, E. P.:**  
Pathological and physiological relations of the trunkal muscles, with the therapeutical indications involved, 83, 145, 183, 378.
- Barker, B. F.:**  
Climacteric menorrhagia, 1.
- Barnes, J. T.:**  
An obscure disease, 177.
- Bates, J. W. P.:**  
Reports of Baltimore Medical Association, 8, 32, 71, 150, 170, 189, 311, 443, 484.
- Belden, E. S.:**  
Reports; climacteric menorrhagia, 1; clinic of Prof. THOMAS, 130; N. Y. Pathological Society, 310; cholera and congestive fever, 345; cephalotripsy, 480.
- Birdsall, S.:**  
Dislocation of head of radius forward, 517.
- Bissell, A.:**  
Physiological and therapeutical action of cod-liver oil, 125.
- Burnett, James B.:**  
Abscess of liver, 5; case of reflex paraplegia from dysentery, 47; case of renal congestion, 66; enlargement of spleen, 81; progressive locomotor ataxia, 127; two cases of cancer of liver, 164; case of syphilitic laryngitis, 187; hepatic diseases in tropical climates, 473; elephantiasis, 473; tropical hygiene, 516.
- Burns, Robert:**  
Cholera, 201.
- Burritt, H. L. W.:**  
Hermaphrodite, 38; anæsthetic and medicinal use of chloroform, 343; hydrocele cured by caustic, 510; syphilitic necrosis, 525.
- Byrd, H. L.:**  
Cold water in surgical cases, 455.
- Calvert, Matt.:**  
Case of poisoning by morphine sulphas—remedy, strong coffee, 293.
- Chisholm, W. H.:**  
Etiology of specific disease, 251, 304, 321.
- Clark, D.:**  
State Medical Society of Indiana, 490.
- Cohen, J. Solis:**  
Therapeutics of inhalation, 138; inhalation of illuminating gas in pertussis, with other new remedies, 456.
- Corson, E. M.:**  
Montgomery Co. Medical Society, 335.
- Cotterell, W. S.:**  
Diphtheria, 158.
- Coues, Elliot:**  
Delirium tremens, with cases, 61; a method of treating phymosis, 273.
- Coues, S. F.:**  
Delirium tremens, nutrition in, 219; a singular case of paralysis, 366.
- Curwen, J.:**  
Report of meeting of Superintendents of American Institutions for Insane, 501.
- Davis, N. G.:**  
Continued extension in treatment of muscular deformities, 225.
- Draper, W. H.:**  
The thermometer in diagnosis, prognosis, and treatment of disease, 375.
- Doyle, Gregory:**  
Interesting case of talipes equino-varus, 497.
- Duckworth, W. L.:**  
Traumatic tetanus successfully treated, 537.
- Dutcher, A. P.:**  
Hereditary transmission of tubercular phthisis, 297.
- Dyer, P.:**  
Reduction of dislocated shoulder of long standing, 146.
- Ellsworth, P. W.:**  
Successful removal of polypus of larynx, 234.
- Farnsworth, P. J.:**  
Unclassified skin disease, 402; popular fallacies, 468.
- Fetherolf, A. P.:**  
Foreign body in air-passages for more than three months, 294.
- Fischer, H.:**  
Treatment of diphtheria, 325.
- Forest, M. De.:**  
Metallic spectacles, 58.
- Francis, S. W.:**  
Biographical sketches of living N. Y. Physicians, 29, 64, 185; contemporaneous biography, 176.
- Fowler, Edmund:**  
Cholera and congestive fever, 345.
- Garretson, J. E.:**  
(See Philadelphia Dental College Clinics.)
- "G. T. W.:" Letter from Dublin:**  
Popliteal aneurism; double femoral artery, 97; acute hepatic abscess; Hunter vs. *Pall Mall Gazette*, 98.
- Geiger, A.:**  
A remarkable case of gunshot wound, etc., 404.
- Gilmore, H. L.:**  
Reports of Dental College, 49, 90, 129, 214, 308.

Discussion of the status of "women doctors," 317.
- Marsden, W.*:  
Limosis and parageusis, 374.
- Marvin, L. J.*:  
Case of monstrosity, 82.
- Mason, Geo. E.*:  
Report of B. I. Medical Society, 539.
- Mead, J. Calvin*:  
Reports of Bellevue Hospital N. Y., 256; cancer of rectum, bladder, and urethra, 327.
- Mears, J. E.*:  
Report of Philadelphia Hospital, 169.
- Munn, C. W.*:  
Cerebro-spinal meningitis, with peritonitis in a puerperal female, 275.
- Napheys, G. H.*:  
Reports of clinics, 7, 48, 69, 88, 167, 188, 212, 236, 254, 256, 307, 331, 356, 358, 383, 406, 420, 460, 479, 500.
- Parke, R. H.*:  
A substitute for stomach pump, 294.
- Peaselee, E. E.*:  
Lecture on ovariectomy, 533.
- Platt, E.*:  
Vivisection, 79; plugging the nostrils for epistaxis, 452.
- Phares, D. L.*:  
Gelsseminum sempervirens, 441; scabies, 524.
- Preston, A.*:  
Status of women doctors, 391.
- Quimby, J. N.*:  
Talipes varus, new method of treatment without division of tendon, 209.
- Reamy, T. A.*:  
Chloroform and ergot in tedious labors, 275.
- Records, B. F.*:  
Nitro-muriatic acid in asthma, 415.
- Roedel, H. H.*:  
Dr. Banning's brace, 452.
- Rogers, Stephen*:  
Extra uterine foetation, 395.
- Rogers, T. C.*:  
Case of inertia of bowels, 221.
- Sawyer, A.*:  
Milk sickness, 249.
- Scholl, E. H.*:  
Diagnostic and prognostic in typhoid fever, 317.
- Seofield, J. B.*:  
Letter from Lisbon, 15.
- Sell, E. H. M.*:  
Report of N. Y. Medical Journal Association, 238, 334; int. use of chloroform in colica plectonum, 526.
- Senseman, J.*:  
Ergot in uterine hemorrhage, 413.
- Simmons, F. A.*:  
Treatment of pneumonia, 220.
- Smith, T. B.*:  
Spotted fever, 98.
- Snow, E. M.*:  
Degeneration of American race, 79.
- Spencer, H. A.*:  
Compound comminuted fracture of elbow joint in an aged person—recovery, 415.
- Spillman, C. H.*:  
Bloodletting then and now, 231; metastatic diversion in labor, 479.
- "Swan-quill":  
Letter from N. York, 510.
- Taliaferro, W. T.*:  
Case of dislocated lens, 181.
- Tuckett, W. B.*:  
Two cases of abortion, 221.
- Thomas, T. G.*:  
Epileptiform convulsions; sterility and dysmenorrhœa, 131.
- Todd, J. E.*:  
Advertising doctors at discount, 414.
- Travers, L.*:  
Poisonous wound of a fish, 440.
- Turnbull, L.*:  
Defective and impaired vision, 302, 498.
- Up De Graff, Thad. S.*:  
Double ovariectomy; polycystic tumor; pedicles severed with écraseur; speedy recovery, 148.
- Van der Weyde, P. H.*:  
Contributions to toxicology, 349, 499, 517, 539.
- Wardner, H.*:  
Gelsseminum sempervirens, 266.
- Walter, A. G.*:  
Excision of wrist-joint, 41.
- Warren, Ed.*:  
Lecture on subcutaneous injections of morphia, 101, 161.
- Willis, H. F.*:  
Inhalations of lime in croup, 248.
- Whitehead, W. E.*:  
Cases of spermatorrhœa, 323.
- Wilson, Benj. B.*:  
Lime inhalations in croup, 354.
- Wood, A. E.*:  
Fulgo ligni, 401.
- Young, Frank N. H.*:  
A troublesome skin disease, 16.
